Taft College and Dr. Charles Walker's office have partnered to train a special needs adult for employment. Her name is Kelly Sugimori and she has completed the TIL program at Taft College. TIL (Transition to Independent Living) is a program for adults with disabilities. View the TIL program at [www.taftcollege.edu](http://www.taftcollege.edu). Kelly has learned many things in Dr. Walker's office and is ready to join the working world. She is a dental assistant without chair side experience. She is able to perform front and back office duties. She answers phones, confirms appointments, does alphabetical filing and is very friendly with patients. She has experience setting-up dental trays and sterilizing instruments, and she can do all the janitorial cleaning. She is X-ray certified and is in compliance with OSHA and CPR, and her unlicensed dental assisting educational requirements are up to date. She would be great in any office with a little patience and guidance. Her last day in Dr. Walker's office will be June 25, 2012. Kelly can be contacted at (661) 873-5378 or contact the Taft College TIL advisor at (661) 763-7834. Feel free to call Dr. Walker's office at (661) 763-1501 if you have questions about Kelly's work ethic.
